US Export Controls on Non-US Transactions

A PRACTICAL GUIDE TO COMPLIANCE AFTER US EXPORT REFORM CHANGES

DETAILS & REGISTRATION: www.LearnExportCompliance.com/seminars/amsterdam-2019/

- ▶ *New and updated definitions of key ITAR and EAR terms*
- ▶ *Rapidly evolving US sanctions policies*
- ▶ *Important changes in the treatment of dual and third country national employees of non-US companies*
- ▶ *The Trump Administration: New enforcement and regulation priorities*
- ▶ *How US export rules impact a wide range of transactions outside the US*
- ▶ *How the US enforces these export regulations on non-US companies*
- ▶ *Practical methods for complying with US export regulations*

Understand how United States export control rules impact EU, NL, and other non-US businesses

United States trade control laws and regulations impact companies that use or resell US-origin products, components, or technology. The US Government can impose serious penalties for US and non-US companies who fail to comply with the extraterritorial US rules (including monetary fines, a loss of US Government contracts, or a complete ban from receiving any US items).

US Export Controls

on Non-US Transactions in **AMSTERDAM**:

A PRACTICAL GUIDE FOR NON-US COMPANIES

- ▶ **US ITAR Defense Trade Controls**
30 SEP - 1 OCT, 2019
- ▶ **EAR/OFAC Commercial & Military Export Controls & Embargoes**
2-3 OCT, 2019

Comprehensive and practical training on the recently reformed US ITAR, EAR, and OFAC regulations for NL, EU, and other non-US companies.

US export controls have undergone significant revisions as a result of the Export Control Reform Initiative. Under this initiative, many military and defense items have moved from the USML (ITAR) to the CCL (EAR). The processes involved in complying with new licensing rules for these items are complex. Failing to follow the correct procedures can result in costly violations. This seminar will clarify the rule changes and offer practical advice for keeping your company compliant.

INSTRUCTORS WITH EXPERIENCE

ECTI staffs its seminars with instructors who are widely respected experts in the field of export compliance and have many years of experience in interpreting and applying the rules.

GREGORY CREESER is a partner with International Trade Compliance Strategies and a consultant to BSG Consulting. Prior to joining ITC Strategies as a compliance consultant, Mr. Creeser held the position of Corporate Director for International Trade Compliance with Goodrich Corporation's Washington Operations Office. Mr.

Creeser began his career in the export arena by serving for 2 years as a licensing officer within the Office of Defense Trade Controls at the Department of State. Mr. Creeser held the position of President of the Board of Directors of the Society for International Affairs (SIA) from 2004-2006. He also held the positions of Vice President, Communications Director, and Conferences Director for SIA. Mr. Creeser received his Bachelor of Science degree in Political Science and Economics from Texas A&M University in 1987.

SCOTT M. GEARITY is a Principal of BSG Consulting, bringing over a decade of consulting, training, and corporate export compliance program management experience to bear for his clients. Mr. Gearity has substantial experience in military, dual-use, and commercial export controls. His clients have ranged in size from small

start-ups to some of the world's largest companies, with a particular focus on the information technology, telecommunications, networking, and software industries. Mr. Gearity joined BSG from Microsoft Corporation where he was based in Ireland and managed the company's export compliance program for Europe, the Middle East, and Africa. He continues to advise many non-US companies affected by US export controls. Mr. Gearity holds a Bachelor of Arts degree in international studies and economics from American University. He is a licensed US Customs Broker.

STEPHAN MÜLLER is a partner at Oppenhoff & Partner. Before joining Oppenhoff & Partner in 2008, Mr. Müller was a partner at Linklaters LLP since 2001. He specializes in public law with Export Control forming a major part of his practice. Stephan advises national and international corporations on all national, EU, and US

law related compliance and permitting issues, including representation before courts and in administrative proceedings. He lectures on export control law at the University of Applied Sciences, Cologne. Mr. Müller speaks at national and international conferences and has published articles on many aspects of export controls. The JUVE handbook on German commercial law firms has identified him as a "leading name" in his field of expertise for many years now.
